**The Buckle, Inc. Press Release Narrative for 6/6/2019**

Our June 6, 2019 press release reported that comparable store sales, for stores open at least one full year, for the four-week period ended June 1, 2019, decreased 0.8 percent in comparison to the prior year four-week period ended June 2, 2018. Total net sales for the four-week fiscal month decreased 1.1% to \$61.5 million compared to net sales of \$62.2 million in the prior year four-week fiscal month ended June 2, 2018.

On the men's side of the business, total sales for the four-week fiscal period ended June 1, 2019 were up 0.5% in comparison to the prior year four-week period ended June 2, 2018. The men's business represented approximately 51.5 percent of total sales for the fiscal month versus approximately 51.0 percent in the prior year fiscal May. For the fiscal month, overall price points on the men's side of the business were down approximately 1.0 percent.

On the women's side of the business, total sales for the four-week fiscal period ended June 1, 2019 were down approximately 1.5 percent in comparison to the prior year four-week period ended June 2, 2018. The women's business represented approximately 48.5 percent of total sales for the month versus approximately 49.0 percent in the prior year fiscal May. For the fiscal month, overall price points on the women's side of the business were down about 3.5 percent.

Within the men's and women's categories combined, accessory sales for the fiscal month were down approximately 1.0 percent in comparison to the prior year fiscal May, and footwear sales were up about 12.5 percent. These two categories accounted for approximately 9.5 percent and 8.0 percent, respectively, of the current fiscal May net sales. This compares with approximately 9.5 percent and 7.0 percent, respectively, for each in the prior year fiscal May. Average accessory price points were down approximately 13.5 percent and average footwear price points were down about 2.5 percent for the fiscal month.

For the month, UPT's increased approximately 2.5% and the average transaction value remained essentially flat compared to the prior year fiscal May.
